REMARKS

This amendment is filed in response to the objections under Section 112 which were presented in the Final Office Action mailed September 27, 2006. Specifically, the Examiner correctly noted errors of an apparent nature in claims 1 and 13. Per the Examiner's instruction, in claim 1, the term "device" has been inserted after the word "test." Claim 13 has been amended so it is no longer dependent on itself. Claim 13 now depends from claim 12.

It is submitted that the amendment creates no new issues and fully addresses the objections raised under Section 112. It is also submitted that the amendment places the claims in better condition for allowance. Accordingly, the Examiner is requested to enter this amendment.

Respectfully submitted,

Ferdinand M. Romano 5 December 2006
